PUBLISHING CO., LIMITED,  
QU'APPELLE, ASSN.

THURSDAY, APRIL 19, 1894.

PROFESSOR TANNER.

Professor Tanner has carried out  
his ship of the Sunbeam Farm

near Indian Head, and reports him-  
self as exceedingly gratified with

the success of this farm, in common  
with the other farms on the Land

Brass Settlement, has aroused  
considerable interest in England

and a continuance of past success  
is calculated to encourage the in-  
vestment of British capital in

Canadian industries of this class.

We are also pleased to learn that  
Professor Tanner is engaged in in-  
troducing improved arrangements

for settling immigrants upon Govern-  
ment homesteads, so as to prevent

that isolation which has so power-  
fully checked British emigration.

We have been permitted to inspect  
these plans, and have authority for  
stating that they have received the

cordial approval of the Department  
of the Interior and many of the  
representatives in Ottawa. The

object which the Professor seeks to  
attain is to secure social intercourse

amongst the homesteaders, to keep  
wives and children within easy

distance of Sunday services and  
schools, and to provide medical care

and stores at the centre of each  
settlement. Any good work which

encourages successful immigration  
will always receive our hearty com-  
mendation, and we wish the Pro-  
fessor every success in his efforts to

attain these results.

What is every-day's business is  
nobody's business is true with re-  
spect to the forthcoming nomination

of a Councillor to represent Ward  
5 in the Municipal Council of South  
Qu'Appelle; yet before six months

have expired we will hear of com-  
plaints *ad lib.* as to the short-

comings of the Council as a whole,  
and of the member of the Ward,

whoever he may be, in particular,  
after such apathy being shown in

the matter by those who are ap-  
parently too careless to look after

their own interest. Have they any  
just right to complain? Let them

now be up and doing or forever  
hold their peace.

MR. ROYAL'S COMPLAINT.

Mr. Royal complains that his  
ideas on the subject of independence

have been misrepresented. Mr.  
Royal probably feels now, as he did

not when he wrote his pamphlet,  
what the tragedy of being in a

minority of one is like. He says  
he desires independence for one  
reason only—because by its means

Canada might secure a Constitution  
which would forever put the school  
question at rest. By this we take

Mr. Royal to believe that a new  
Canadian Constitution would pro-  
vide for separate schools in all the

provinces, whether these provinces  
wished them or not. What a strange  
fancy, to be sure! As the Montreal

Gazette points out, a new Constitu-  
tion of whatever kind would be  
made by the majority; and, if there

is any sign of change in the opinion  
of the Canadian majority since  
1867, it is certainly not in the

direction of Mr. Royal's ideal. New  
Brunswick, British Columbia, Mani-  
toba and the North-West Territories,

have so acted in these educational  
matters that we are forced to the  
belief of the Montreal exponent of

Ministerial opinion that, if Royal  
were followed in his suggested  
course, he would lead the hopes of

his co-religionists to an open grave.  
The general Canadian estimate of  
Mr. Royal's independence fancies is

well summed up in the Montreal  
Gazette:—"It is not exactly a dead  
issue; it has never come into life."

—Canadian Gazette.

A PAPER ON HOW TO IM-  
PROVE THE TIMES.

What will improve the times in  
the Dominion of Canada?

First, the still closer union with  
the United Kingdom. To take away

all tariffs from imported British  
goods, on condition that our goods

and produce are admitted to the  
British markets in the freest manner

possible. We must do our utmost  
to produce the best quality of  
everything for that grand market,

and make ourselves acquainted with  
what sells best. We must push  
our trade to every British colony,

more particularly with  
Australia, as they come from the  
same old stock and are clays from

the same old block. They require  
many articles we can send them,  
and in return they can supply many

of our wants. They are not only  
willing to trade with us, but are  
anxious to do so. The new line of

steamers to them from British Colum-  
bia, and the proposed new line of  
fast steamers from England to

Canada, will bring us in the direct  
trade route of the world from east  
to west, and from west to east, and

will raise this Canada of ours to a  
point of elevation and a place of  
importance in the British Empire

that it has never before attained—  
an empire that the sun never sets  
on; whose ships plow every sea,

carrying its trade and its commerce  
to every clime; an empire that  
could be independent of the rest of

the world put together, for it can  
supply itself with every want if its  
trade relations were knit closer to-  
gether in one common bond. Let

us all do our utmost to bring about  
this closer relationship, for nature  
itself seems to favor us, as all Eng-  
land seems to have suddenly found

out that this country is one of the  
largest jewels in the British crown,  
and the key to the new trade route

to the eastern hemisphere—China,  
Japan, Australia, etc. Some may  
say, Why not have a closer relation-  
ship with the United States? Well,

I believe it is a well known fact  
that our Government has tried time  
after time to bring that about, and

I am perfectly sure when the  
Americans are willing to let our  
goods go in there on the same

terms as they want to come to our  
markets with their produce, our  
Government will be perfectly willing

to meet them. The defect on just  
made in the tariff on lumber, agri-  
cultural implements, barbed wire,

etc., will help to improve the hard  
times very much. Another im-  
portant thing is: we must go in

more for mixed farming than we  
have done yet in the North-West;  
we must re-produce the homely

farms of the Old Country; we must  
supply from our own farms most of  
our wants, in addition to supplying

the markets for all cannot be  
farmers. Let us raise all kinds of  
stock, as well as all kinds of grain,

and pay more attention to the  
vegetable garden and to growing  
small fruits. We want the Herd

Law to be made as short as possible,  
so as to give our stock as good a  
chance as we can to get in condi-  
tion to face the winter. With

respect to the C.P.R., its freight  
rates are most decidedly too high,  
and must come down. The remedy

lies with ourselves; we must agi-  
tate, we must press our members of  
Parliament and the Dominion

Government to assist us to get the  
freight rates lowered; we must have  
meetings and get up petitions and

send them to Parliament, and must  
never rest satisfied until we have  
used all lawful means in our power

to accomplish our object. But we  
must do it orderly, and not take  
the law in our own hands, as is too

often the case across the line. But  
we must admit that we owe a debt  
of gratitude to the enterprising men

who pushed this great railway  
through the country in the face of  
so much discouragement, for if it

had not been for the enterprise of  
the C.P.R. most of us would not  
have been here to-day. This fair

Canada of ours must grow in im-  
portance every year as the link  
between the eastern and western

world. It will become the Venice  
of old, and another Shakespeare will  
rise up to write plays about its

great merchant princes. We must

stick to the country and be loyal to  
its flag; we must think that it is  
the happiest spot on earth for the

working man, where he is most  
likely to make a comfortable home  
for himself and family, and by all

putting our shoulder to the wheel  
we shall all help to improve the  
trade of this country of which we

are so justly proud.

[We have been requested to pub-  
lish the above paper, read by Tom  
Weal, before a meeting of the

Patrons of Industry, held in the  
Edgeley School House, on Wednes-  
day evening, April 18th. We have

accorded to the request for the  
reason that our object is to promote  
discussion on the several matters

likely to be of benefit to the farm-  
ing community at large. At the  
same time we must object to being

considered as coinciding with all  
the opinions and theories expressed  
in such discussions. Mr. Weal has

been in the country upwards of six  
years, and has had his share of  
North-West winters. We think our

young friend's maiden effort at  
publicly stating his views on the  
country is worth recording, as an

example to other young men to  
persevere, and not to be discouraged  
at trifles.—Ed.]

DOMINION PARLIAMENT.

In the House of Commons on  
Tuesday, the 18th inst., the debate  
on the budget was resumed. After

several members had spoken and  
given their views on the working  
of the tariff in the lower provinces,

Mr. Boyd, member for Managette,  
took the floor. He supported the  
protective policy, and claimed that

Manitoba was not suffering on ac-  
count of the high duties. He laid  
the blame on the middlemen for the

high cost of goods, and said the  
agitation in Manitoba was due to  
the low price of wheat.

On Wednesday, Mr. Dalton Mc-  
Carthy spoke at length against the  
tariff proposals, which he argued

were designed for the benefit of  
manufacturers.

The Hudson's Bay railway project  
was discussed in the Senate.

Mr. Kirdinier said the road was  
necessary to give an outlet to  
Europe for Manitoba and the North-  
West.

On Thursday, Hon. Mr. Laurier,  
leader of the opposition, addressed  
the House on the tariff, and said

the real reason for making the  
changes was a fear of the people.  
The enormous decline in the price

of wheat and other agricultural  
products made complete reform im-  
perative. Mr. Laurier criticised the

arguments advanced by Hon. Mr.  
Boyd and Hon. Mr. Poirer in  
favor of protection, and ridiculed

the attitude of Mr. Boyd.

A division on Sir Richard Car-  
wright's amendment to the budget  
was taken at 11.15 on Friday morn-

ing, but was lost, the vote being  
128 to 72 against it.

The House went into Committee  
of the Whole on Saturday on the  
tariff resolution. A long discussion

## Correspondence.

Our columns are open to all for the dis-  
cussion of public questions. Personalities  
will not be permitted. We do not hold our-  
selves responsible for the opinions expressed  
by correspondents.

GLANDERS.

To the Editor of The Progress.

Sir,—Your correspondent "Tim-  
thy" deserves hearty thanks, and I  
send mine to him, for his letter on

your issue of 5th April. I am sorry  
that I am not able to deal with the  
subject of that letter with ability

equal to that of "Timothy," but I  
wish to give him, and every one  
like him, my humble assistance in

a cordial endeavor to rid the country  
of the terrible and insidious disease  
which he writes against. Let us not

know what powers Mr. Creamer, of  
Regina, is invested with, nor what  
legislation has been passed in regard

to this disease, but it is quite plain  
that enough has not been done, and  
the farmers throughout this district

(including myself) have for years  
been acting with blamable careles-  
sness in the matter. I believe that

## Town & Country Callings.

—Finlay McKay, Wide Awake, was in town on Friday.

—Chief of Police Williams, of Regina, was in town on Saturday.

—Mr. A. Pears, Ottawa, late of Fort Qu'Appelle, was in town for a few days.

—Mr. W. M. Starr, merchant, of Fort Qu'Appelle, was in town on Thursday last.

—Messrs. W. Boyd and W. Johnston, Indian Head, were in town on Monday.

—Mr. and Mrs. McDonald, Hudson Bay Co., and Jas. Thorburn, all of Fort Qu'Appelle, were in town on Thursday.

—Mr. S. F. Callender, Regina, District Agent Ontario Mutual Life, was in town on Tuesday, in the interests of his company.

—D. MacGillivray, Esq., a resident of Qu'Appelle in the early days, now on his way to Regina, has been spending the last few days in town.

—We are glad to be able to state that Mr. W. Bradley's little girl, who has been dangerously ill for some days, is now in the fair way towards recovery.

—D. L. Scott, Esq., Q.C., and R. B. Gordon, Esq., Regina, were in town on Tuesday, attending a meeting of the Executive Committee of the Diocesan Synod.

—Messrs. Vance and Nurse left on Friday afternoon for Agassiz, B.C., with a carload of stock and equipment. It is their intention to establish a butchering business at that point.

—Professor Tanner left for the old country on Friday morning, having completed his inspection of the Bracey farms in the vicinity of Indian Head. He expects to return some time in July.

—A race (half mile dash) between Mr. George Scott's Good Hope and Mr. Moriarty's Babe came off on Friday evening. Good Hope proving the winner. We understand the stakes were \$50 a side.

—Mr. Brine, Fort Qu'Appelle, was in town on Monday last, making arrangements for the opening of a daily stage line between Qu'Appelle and Fort Qu'Appelle.

—Mr. E. S. Kent arrived home from England on Sunday morning. Accompanying Mr. Kent were two young English gentlemen, Mr. Edward Schneider and Mr. John Elliot, who have come to spy out the land.

—The advantage of advertising in the *Freemason* is illustrated in the case of Mr. W. C. Galt, who advertises his farm for sale in two issues of the paper, with the result that a Mr. Evans, from Douglas, Man., has become the owner.

—Qu'Appelle has suffered the loss of another good citizen in the person of Mr. John McDonald, who left on Sunday night for Grenfell, to take charge of the Massey Harris Co.'s business at that point. May success attend you, Jack.

—Fred, McLean was brought up before H. Gibson, Esq., and W. Bradley, Esq., J.P.s, on Thursday last, charged with the larceny of an overcoat, the property of E. Robinson. The case against McLean was dismissed, with costs against the prosecutor.

—Mr. G. B. Anderson, who has been purchasing cattle lately, dispatched a train load to British Columbia on Saturday. One car load was sent from Qu'Appelle, which would be indeed very hard to beat, in fact, Mr. Anderson said they could not very well be beaten.

—The wintry weather that we have been experiencing lately has put an end for a time to the seeding, which was becoming general. Farmers say that their land was never in better condition, and that taking everything into consideration prospects are very encouraging.

—The Ladies Aid of the Presbyterian Church have invited the Rev. A. Fowler to give his popular lecture on "Music and Song" in the Town Hall on Monday evening, April 23rd. Selections of classical music will be given in solo, illustrative of different points in the lecture. After the intellectual treat, the ladies will provide refreshments.

—A well attended meeting was held in the Queen's Hotel on Saturday night, to consider the Queen's Birthday Sports programme submitted by the committee. The President, J. P. Cressner, occupied the chair. With a few alterations the programme as submitted was approved of, and will be published in a few days. As a committee of management for the several different events the following gentlemen were appointed:—Athletic Sports—Messrs. G. S. Davidson, D. S. McCall and E. Simpson; Track Committee—Messrs. Bulver, Barnes, Scott and Johnston.

—Mrs. Fred Travis, of Elkhorn, is in town visiting her parents, Mr. and Mrs. W. Bradley.

—It is understood that D. MacGillivray, who practised law in town some years ago, intends opening an office in Indian Head.

—Rev. F. W. Anvache, of Regina, will conduct the Baptist services here in McLane's Hall next Sunday morning and evening. Everyone welcome.

—A fact that speaks volumes for the enterprise of our local tradesmen is that a baby carriage has been ordered from Qu'Appelle by a prominent resident of North Portal.

—The people are taking advantage of Mr. C. Babbitt's clearance sale of jewelry. Those desiring to purchase at cost have still a few days in which to select from the remaining stock.

—The Methodist service in town will be held at 3 p.m. instead of the usual hour to give the congregation an opportunity of hearing Rev. F. W. Anvache in the Baptist Church at night.

—Rev. E. T. Carter will conduct divine service in the First Settlement next Sunday at 11 a.m. The services in future will be held in the house of Hon. Maurice Gifford, which has been fitted up for that purpose.

—A meeting of the Executive Committee of the Diocese of Qu'Appelle was held in the Vestry of St. Peter's Pro-Cathedral on Tuesday for the dispatch of business, when the following members were present:—The Right Rev. Wm. John Barr, D.D., Bishop; Revs. J. P. Sargent, W. E. Brown, W. T. Milton, and G. N. Dolbe; Messrs. J. H. Boyce, R. B. Gordon, W. B. Sheppard, G. S. Lake, and D. L. Scott, Q.C.

—The committee appointed to forward the movement of building stables in connection with St. Peter's Church met on Monday last. The committee is a strong one, being in number. Rev. J. P. Sargent is chairman, Mr. H. F. Boyce treasurer, and Mr. G. C. D. Edwards secretary. It is proposed to build a frame stable with stone foundation to accommodate sixteen horses. Collecting carts have been issued, and the collectors are now at work. A picnic is to be held early in the summer in aid of the project, and the surplus funds will be given to the Visiting Fund.

—The members of the English Church held a social on Tuesday in the Town Hall. Notwithstanding the bad weather, between 100 and 120 turned out, and all seemed to enjoy themselves. After songs had been sung by Mrs. Burn ("The Kerry Dance"), Mr. A. D. Dickson, and Miss Annie Boyce ("Laddie"), the floor was cleared for dancing, which was kept up till an early hour of the morning. Amongst those present were the Bishop of Qu'Appelle, Mr. D. L. Scott, Q.C., and the members of the Executive Committee of the Synod who were in town. The proceeds of the entertainment are to be paid to Clergy House Fund.

### INDIAN HEAD.

April 12th, 1894.

Messrs. Darwell and Donnelly have received a carload of horses from Ontario last week. Mr. Joseph Glenn has also a car of bronchos.

Mr. J. Henderson has returned from England, where he has been spending the winter.

Mr. John Robertson, the popular clerk in Mr. Brock's store, left for Broadview last Monday to take charge of Mr. Clementson's store there.

### GREENFELL.

Mr. A. M. Fraser gave an illustrated lecture on King Solomon's Temple last Tuesday evening at the regular meeting of the Epworth League. The lecturer handled his subject very cleverly, and with the aid of drawings (his own work) kept his audience interested for about an hour. This evening (Tuesday) the social committee gave a "affy" social, and next Tuesday evening the programme for this quarter will be brought to a close by a lecture from Mr. J. W. Jones and election of officers for the ensuing term.

Miss Emma Ott was visiting friends in town last week.

Rev. Mr. and Mrs. Tatham, of Broadview, were in town for a few days this week.

Mr. Hobson's sale last Saturday attracted quite a number of people to town. The merchants were kept busy in consequence, and everything was "lovely" except the weather and the mud.

Some changes have been made in the Massey Harris staff. Mr. R. S. Garratt retires and Mr. McDonald, of Qu'Appelle, takes his place.

### LORLIE.

We had a fall of snow on Tuesday which made everything white again.

Mrs. E. Cooke, of Prince Albert, passed through here by Saturday's train.

stage en route for Pleasant Forks. Her many friends were pleased to see her.

The strains of a new Doherty organ could be heard by those who passed by during choir practice on Saturday night. Mrs. Bradley, of Regina, acted as organist.

Mr. William Peterson, of Yorkton, who was here on business, left on Sunday for Beaver Hills.

Miss Annie McMorris left on Monday for Indian Head.

Mr. Barnsley, who left on Saturday for the Park Farm, had the misfortune to upset into the sand pit. His load consisted of dry goods, Her Majesty's mail, and fresh fish.

The Saskatchewan Fishing Company had fish on the market on Saturday at 8c. per pound.

Mr. G. Cook, accompanied by Mrs. Bradley, are down from the capital visiting Mr. R. B. Aldous, east of here.

### THE WORLD OVER.

Seeding is nearly half finished in the Meosomin district (?)

L. Becker and Co., of Waterford, Ont., private bankers, have suspended.

St. John's Board of Trade wants tea from England and green coffee free of duties.

John Downey, of the Toronto firm of Mowat, Downey and Langton, of which Sir Oliver Mowat is a partner, is dead.

Col. Turnbull, of the Toronto School of Infantry, has received instructions from the Militia Department to leave for Ottawa, where hereafter he will be stationed.

A steamer left London yesterday to lay the Commercial Cable Co.'s new trans-Atlantic line.

**RELIEF IN SIX HOURS.**—Distressing Kidney and Bladder diseases relieved in six hours by the "NEW SOUTH AMERICAN KIDNEY CURE." This new remedy is a great surprise and delight to physicians on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. Sold by C. E. Cartwright, Qu'Appelle.

### WINNIPEG MARKETS.

(FROM THE WINNIPEG COMMERCIAL.)  
Wheat.—The firm tone shown in wheat last week had a decided effect on the Monday United States market, which was rather irregular, but the close was a shade above Saturday at some points. Cables were lower, Liverpool 44.40. The local situation is quite stagnant, and prices are a shade lower. No. 1 Red wheat is at 80c. No. 2 Red wheat is at 78c. No. 3 Red wheat is at 76c. No. 4 Red wheat is at 74c. No. 5 Red wheat is at 72c. No. 6 Red wheat is at 70c. No. 7 Red wheat is at 68c. No. 8 Red wheat is at 66c. No. 9 Red wheat is at 64c. No. 10 Red wheat is at 62c. No. 11 Red wheat is at 60c. No. 12 Red wheat is at 58c. No. 13 Red wheat is at 56c. No. 14 Red wheat is at 54c. No. 15 Red wheat is at 52c. No. 16 Red wheat is at 50c. No. 17 Red wheat is at 48c. No. 18 Red wheat is at 46c. No. 19 Red wheat is at 44c. No. 20 Red wheat is at 42c. No. 21 Red wheat is at 40c. No. 22 Red wheat is at 38c. No. 23 Red wheat is at 36c. No. 24 Red wheat is at 34c.
